

Hi all,

Another great meeting was held Wednesday, June 16 at Kings/Wexford. Reports were read from several of the new groups within the club with many exciting events on tap for the upcoming months.

To repeat last month's note, one of our goals is to have the GTO club be YOUR club. We want to hear from you how we can make your membership more valuable. What would you like to see happen? Do you have any ideas for special events that we as a club can become involved in? Drop one of us an email and let us know today what we can do to make the club meetings and events THE place to be. Any ideas for special meetings? Do you know of someone who would be willing to come and share something with those in attendance? Maybe a body shop person who specializes in special techniques or someone who does storage for classic vehicles? Notify an officer today if you know someone. We have heard numerous people comment that nothing happens at the meetings...this is YOUR chance to help make something happen! We want to hear your ideas!

We had a great turnout for Pontiac/Pontiac GTO night at the Wexford Starlite Cruise. What a gorgeous evening it was and there were Pontiacs in abundance! Check the Facebook page for pictures!

What's New?

Several committees have been formed within our membership to make the club become more member oriented. And we need your help to make it work. If you are interested in helping in any of the following areas, please let one of your officers know.

Special Activities Committee (annual group activities)

2010 Picnic

Cruise Committee (scout car cruises in your area and send to Steve B for website or Facebook)

Deb DeCoursey---Cranberry/Beaver County Area

Ken and Cheryl Kasper---Irwin, Monroeville, Norwin, etc;

Nationals Committee (monitor GTOAA activities via the Legend and update members on any new policies, etc;) NOTE***All members who read the magazine are asked to keep members informed

Membership Committee (general ambassador for the club; pass out applications at events; be a mentor for new members) Once again, all members are asked to do this (application attached; print a few copies and keep them in your glove box)

On the Tech Side

Website Coordinator, Steve Busalacchi has been busy updating the website and the member application with our new officer information, etc; he will also be adding a new feature to the website by featuring a different member's car on the front page each week. Those of you who have pictures can forward them to Steve at bus15241@verizon.net. We need pictures! Be the first to have your car featured!

Also thanks to Steve; we are now on Facebook!!! You must have a Facebook account in order to have access to the page. But you do NOT have to participate in other Facebook activities. The purpose of this page is for members to post events that might be near to them so other members who may be looking for something to do can check the listing. You can also post "For Sale" notices and "Looking for" notices on the page. Please do any posts on the page wall. So create your Facebook account now so you can check out our Facebook Page. This is also to help cut down on the emails sent to club members for special occasions such as an item for sale or needed and cruises you would like to advertise. Make sure to check out the "Events tab" on the page for any upcoming events and a place for you to RSVP if you can attend.

Member Bulletin Board

Bits n Pieces

The club is in the process of obtaining a supplier for members to order club apparel. Join us at next month's meeting for a presentation by Doreen Nelson who will be showing items that can be ordered with our club logo.

The membership year has changed to January 1-December 31, with payment being due by December 31 for 2010. Dues will remain at \$10.00. Don't forget to join the GTOAA also as we need to maintain a certain percentage of our membership who are also GTOAA members in order to be recognized as a chapter of the National organization. You can request a membership application by notifying any of the current club officers or online at <http://www.gtoaa.org/>.
